

T Level Pathways Overview

Compare the five pathways at a glance

Pathway	Focus	Example roles
Digital	Software, data, IT systems	Junior developer, IT support, data analyst
Business	Operations, teamwork, admin	Business admin, project support
Finance	Accounting, financial services	Finance assistant, trainee accountant
Media	Creative production, communication	Content creator, production assistant
Engineering	Design, manufacturing, problem-solving	Engineering technician, design assistant

Choosing a pathway

Think about the subjects you enjoy most, the kind of day-to-day work that appeals to you, and where you can picture your placement taking place. It's fine to start broad — your coordinator can help you narrow things down before you apply.
